The Mysore Gazette.

Vol. 69] PUBLISHED BY AUTHORITY [No. 22

BANGALORE, THURSDAY, MAY 31, 1934.

PART I

IMPORTANT GOVERNMENT ORDERS

DEVELOPMENT SECRETARIAT

Reviews the Statement of Cattle Mortality in the State for the half-year ending 31st December 1933.

READ—

Letter No. Per. 22—33-34, dated 18th April 1934, from the Director of Agriculture in Mysore, forwarding the statement of cattle mortality in the State for the half-year ending 31st December 1933, with his review thereon.

(The Director's Review and Statement are printed as annexures).

ORDER No. D. 5635-44—STCS. 16-33-4, DATED BANGALORE, THE 18TH MAY 1934.

Recorded.

2. The mortality of cattle in the State during the half-year shows a decrease of 9·1 per cent, compared with the corresponding period of the previous year. Mortality under rinderpest, anthrax and foot and mouth diseases showed a decrease, while under hæmorrhagic septicæmia and blackquarter, there was some increase, especially in the Kolar and Chitaldrug Districts. An intensive campaign of inoculation should be undertaken against these diseases as observed by the Director of Agriculture.

3. The Revenue Commissioner's attention is once again invited to the remarks of the Director of Agriculture in the matter of the collection of mortality returns and he is requested to take necessary action to secure a marked improvement in the compilation and submission of future returns in all districts.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.
